SEPTEMBER 2024

The Farmville Herald

READERS' CHOICE 2024

Best of the Best Winners

Chosen By Readers Of The Farmville Herald

THANK YOU

EVERYONE WHO VOTED FOR THE FARMVILLE HERALD'S

READERS' CHOICE 2024 **BEST OF THE BEST!**

We've got a place for that

All it usually takes is one good conversation and you're set. Find someone who's lived in the community for a while and they can point you to all the best places to eat, to shop, to experience nature. That's what we have right here, a guide where all the readers took time to say 'hey, these folks are the best'. These are all places you should be checking out, readers said, regardless if you're just in Farmville for

a weekend or if you're looking to find a piece of property over in New Canton to call home.

We would suggest using this material in a number of ways. First and foremost, it's a great way to invite people to town. Hey, have you tried out this restaurant? It's won the readers' choice awards going on three years straight. Or maybe you use it as a guide when you're searching to find services, like a doctor or a dentist. We're not suggesting this is all there is. But in many cases, it's a good place to get started. Where do your fellow residents say to go, to shop or to find a specific service? Here you go. It's all right on the page. It can also be a good way to learn more about this area, to find places and people you didn't know existed.

Now, to be clear, this isn't a scientific study. We didn't use any complicated formula to

> determine the results. These are ranked based on the number of votes each group received. You may agree with some, disagree with others and a couple might catch you by sur-

> But regardless if your favorite won or made the not to stop here. Don't stop promoting your favorite places. When you're proud

finalist rankings, I'd ask you

of something a school did, talk them up to people. Share on Facebook why you like a business and encourage others to go there as well. That's a great way we can help local operations, by serving as their cheering section. When someone asks a question or says how they're looking for a service, you can respond that 'hey, we've got a place for that.'

Our Product line includes all types of glass including:

Automotive Glass • Mirrors • Windows • Doors Awnings • Shower Enclosures • Acrylics • Plexiglass
