Classic holiday films the whole family can enjoy

Celebrants owe the joy of the holiday season to various components. Decor and gift-giving go a long way toward making December a joyous time of year. Holiday films also do their part to make the season so special. Many people have

their own favorite holiday films, and the following are some that can engage viewers who are young or simply young at heart.

"A CHRISTMAS STORY"

Released in 1983, this warmly nostalgic, humorous film is a perennial favorite among families. It follows the story of Ralphie, who has his heart set on a very specific Christmas present: a Red Rider BB gun. Amidst wintry exploits and family drama, the true spirit of Christmas manages to shine through in this beloved film. Some of the subject matter can be off-color, and there are some bullying scenes. So this is a movie best watched with children who are mature enough to make it through without being scared.

"LITTLE WOMEN"

Based on the Louisa May Alcott novel of the same name, the 1994 telling of this classic follows the March sisters, who confront financial difficulties, romance and family tragedies in mid-nineteenth century Massachusetts. While

it's not a traditional Christmas movie, the importance of spending time with family around Christmastime is a core theme in this coming-of-age tale.

"KLAUS"

Perhaps not as well-known as other animated holiday flicks, "Klaus," released in 2019, has a personality all its own. Postman Jesper, who is not making the grade at the postal academy, is sent to work in a frozen town in the North, where he discovers a reclusive toy maker named Klaus. The unlikely duo ultimately team up to make and deliver toys and bring smiles to children's faces.

"MEET ME IN ST. LOUIS"

Starring the irreplaceable Judy Garland, this movie musical focuses

on four sisters who are awaiting the 1904 World's Fair in their hometown, but learn that their father has accepted a new job and the family must move to New York beforehand. A Christmas miracle occurs and all is right in the end. Garland sings a memorable version of "Have Yourself a Merry Little Christmas" in the film, solidifying this as a holiday classic.

"THE SANTA CLAUSE"

This Disney film came out in 1994 and remains a family favorite. When divorced dad Scott (Tim Allen) accidentally kills a man in a Santa suit, he magically becomes the next Santa. He must learn to cope with the ways the transformation to the man in red interrupts his normal life, eventually giving over to the magic of Christmas.

"EMMET OTTER'S JUG-BAND CHRISTMAS"

Though this 1977 Jim Henson production is a television special and not a full-length feature film, Generation X likely remembers the heartfelt tale of a poor otter family who sacrifice prized possessions to have what's needed to enter a talent contest. The goal is to win the prize money to buy special Christmas presents. Audiences get to enjoy narration by Kermit the Frog.

Films are a popular component that help to make the holiday season so special.

To all our good friends far and near, we wish a
Merry Christmas and Happy New Year.
